Dear Obstetric Patient,

For patients wanting their child's circumcision performed by Dr. Hayes, our Office Policy requires that all circumcision arrangements be made prior to the actual procedure. If payment is not made prior to the procedure, the circumcision will not be performed. All Self-Pay and Medicaid Patients need to pay \$315.00 prior to the actual circumcision, in cash or credit card. **Medicaid no longer covers circumcisions as of July 1st 2003.** If, however, you have insurance such as Blue Cross Blue Shield, Healthfirst, Cigna, United Healthcare, etc., it would be much appreciated if inquiries about circumcision coverage be made prior to the procedure performance. The CPT code is 51450 and the Diagnosis code is V50.2. Most insurance plans require that the child be added to the insurance plan, and some insurance plans do not cover the procedure at all. If you know or find out that the circumcision will not be covered by your plan, then the above applies to you. **No Checks are accepted for this procedure.**

My Circumcision will be paid by:

- Cash/Credit Card prior to the procedure.
- My Insurance, and if my insurance does not pay for the procedure than I will be held responsible for the payment.
